

In writing we will...

- Learn how to write a documentary narrative
- Build on our understanding of using expanded noun phrases, hyphens and semicolons in our writing
- Learn how to write a hunted narrative
- Start to understand how to use dialogue to show character and advance the action

In maths we will...

- Recap knowledge on mixed number and improper fractions
- Find the equivalences in fractions and decimals
- Order and compare fractions to within three decimal places
- Round decimal numbers to one decimal place
- Understand fractions as decimals and percentages

In religion and worldviews we will...

- Continue to compare life events of Sikhism and Christianity.
- Consider what identity means to each religion, through key religious stories
- Consider what our own identity is, how we are shaped by our family and culture and how we can shape our own identity

In grammar we will...

- Use parentheses to add detail to sentences
- Revise the use of colons and semicolons

In reading we will...

- Continue to practice reading a variety of age appropriate texts with fluency and expression
- Develop our own personal response to texts
- Continue to work on questions which require giving impressions

In personal development we will...

- know the effects of smoking and alcohol
- describe people's attitude to food and how social media might impact decisions

**Year 5
Spring 2
2025 - 2026**

In computing we will...

- identify which data attributes are required to answer a question
- distinguish between collected data and calculated data
- analyse and evaluate data to answer a question

In design technology we will...

- evaluate current lamp products
- design a lamp to meet agreed criteria
- make the design safely using a range of different tools
- Evaluate my design against the agreed criteria

In geography we will...

- Learn what globalisation is
- Understand the impact of fast fashion
- Discover how technology has changed the way we communicate
- Develop our understanding of trade and how globalisation affects this

In French we will...

- Learn vocabulary and phrases associated with the weather
- Learn a rap to help us remember these
- Count in multiples of ten in French
