Thursday 8th October

Dear Parents/Carers,

Today we have launched Numbots in Year 1 and 2. Numbots is an online learning platform that we're using to support your child's understanding of number bonds and to help their addition and subtraction skills.

Today the children have had a go at logging in and playing some of the games. The children may play Numbots at home if they would like to. NumBots can be played on a browser (play.numbots.com) or via the app which is free to download on Amazon, Android and Apple devices. They may need help entering the details but once they're in they will be able to play the game on their own. We have stuck their pupil logins in the front of their reading diaries.

In order to get the best out of NumBots, we recommend that children play regularly for short bursts at a time, aiming for 3 minutes, five times a week.

Here is a link to the [Numbots parents video guide](#), it is very useful and will answer any additional questions you may have.

Thank you for your ongoing support.

The Key Stage One Team
